### **L A I R I T O R I A L** Welcome to LCU: Your Future starts today

In no other field of human endeavors is change inevitable than in the furtherance of human knowledge. Your choice to continue your studies in Lead City University is undoubtedly informed by the fact that you don't want to leave your destiny to chance.

Expectedly, Lead City University is poised to meet and even exceed the expectations of the present and future generations of those who seek knowledge in its specialized areas and particularly fulfils the increasing demands by students, parents and society for an improvement in the quality of life.

The vision, mission, core values and culture of the University are products of genuine and sustainable behaviour of all facets of the university's administration and academic research, teaching and public service. Our penchant for quality assurance is insatiable. Our strong corporate brand architecture and integrated communications have enhanced the favorable positioning the university is occupying today. Many have wondered how buildings grow like corns at LCU. Many who have studied long enough in LCU would have seen the emergence of a new look campus and benefited from the facilities. Billions of Naira has been committed into new building projects and provision of state of the art facilities.

Apart from physical facilities and the relaxed ambience of the university, LCU possesses what Professor Peter Okebukola described as "the defining attribute of world class universities." We boast of a high proportion of top-rate researchers and teachers, many of whom are making marks in global academics circles.

While the university continually fulfils its educational goals of maintaining a fair, humane, responsible and non-discriminatory environment for both students and staff, the management enjoins the students (new and returning) to live your dreams at Lead City University, an incredibly vibrant institution that is brimming with self-confidence; an ideal place for modern learning. The lectures have started. Don't miss any. The lectures are also highly interactive. To make a 1st class is easy if you start now.

**E D I T O R I A L** Welcome to your future, welcome to Lead City University.

### **Vice Chancellor Welcomes Staff and Students**

The Vice-Chancellor, Prof. Remi Adeyemo has welcomed staff and students, especially, newly admitted students to Lead City University, the first private university in Ibadan, where students are exposed to global perspectives, independent and critical thinking to grow intellectually and academically.

Prof. Adeyemo in his statement of welcome urged all students to jealously guard the great privilege given to them to become members of this reputable community, with a proven track record of academic excellence.

The vice-chancellor also encouraged lecturers and other members of staff to keep and ensure high standard of service delivery, especially in teaching as the University's teaching facilities are of high quality.

As the first semester of the 2020/2021 academic session commences, everyone is wished a productive and fruitful stay in Lead City University. Kindly adhere to the existing covid-19 management protocols as provided by the university.
